To whom it may concern,

If the proposal submitted by Britton Smith and Matthew Turk entitled "Element: Software: Collaborative Research: Grackle: Flexible and Adaptive Chemical Kinetics Across Astronomical Time and Space" is selected for funding by the NSF, it is my intent to collaborate and/or commit resources as detailed in the Project Description or the Facilities, Equipment or Other Resources section of the proposal.

Sincerely,

Greg Bryan
Professor of Astronomy, Columbia University
Group Leader, Simons Center for Computational Astrophysics
